Powerball Climbs to \$629 Million for November 22 Drawing

TOPEKA, KAN. – Saturday's \$629 Million Powerball jackpot is the game's 2nd largest jackpot of the year, trailing only the \$1.78 billion jackpot hit in September in Texas and Missouri. Saturday will mark the 33rd consecutive drawing in this current jackpot run. The cash option in Saturday's Powerball drawing is an estimated \$291.6 million.

Powerball tickets start at just \$2, with the option to add the Power Play Multiplier and/or add Double Play to your ticket for an additional \$1 each. Powerplay can multiply a non-jackpot win by up to 10X. Double Play is a new Powerball feature that only 27 states currently offer that gives players another chance to match their Powerball numbers in a separate drawing with a top cash prize of \$10 million.

Powerball is not the only game that draws on Saturdays. Lotto America's jackpot currently sits at over \$7.5 million, with tickets starting at \$1 per play. Super Kansas Cash also draws on Saturday night, featuring a \$170,000 jackpot. Players get two plays per dollar in Super Kansas Cash.

Finally, the Holiday Millionaire Raffle is closing in on another sellout. As of Friday morning, less than 35,000 tickets are available to purchase. There are only 150,000 tickets in the game, and one ticket sold will win the \$1 million grand prize. There are hundreds of thousands of dollars up for grabs in other Raffle prizes as well.

Players are invited to submit all their winning and non-winning tickets in the Kansas Lottery PlayOn® Players Loyalty program to earn points for drawing entries and a chance to win cash and other prizes! PlayOn® is a registered trademark of Pollard Banknote Limited used under license.
