The historic jackpot was hit in the Wednesday, April 17 drawing and was claimed anonymously Thursday morning by a Johnson County resident.

“I’ve been playing more Super Kansas Cash since the jackpot has been so high,” the winner said “When I play Keno, I would cash in my winning tickets and instead of taking the money I would buy Super Kansas Cash tickets. That has been my strategy for a while,” The winner added.

The winning numbers for the drawing were 06-12-21-23-32 with a Super Cash Ball of 22.

The winner explained they saw on the Kansas Lottery’s website the Super Kansas Cash jackpot had been hit in the [northeast region](#) where they live and it reminded them to check their tickets.

“I pulled up the winning numbers page and started checking my tickets. When I figured out I had the winning numbers, I couldn’t believe it! I stood there in shock for a while before deciding to go ahead and come claim it today. I didn’t want to wait,” the winner explained.

The lucky player said they already have some ideas on how they’ll spend the winnings.

“We’ll probably look into some investment real estate and take a vacation. I’ve always said that if I won a big prize I would donate to a charity. So we’ll be donating some as well,” the winner said.

The winning ticket was sold at the Double Nickel located at 189 South Rogers Road in Olathe. The retailer is eligible for a \$1,000 selling bonus for selling the winning ticket.
